

Poster Session

Some posters can be seen
after the event at:
aging.wisc.edu

Aging & Pulmonary Fibrosis Regulates the Quiescent State of Metastatic Mammary Carcinoma Cells

Presented by: **Brett Morris**

Chronotropic Response and Cognitive Function in a Cohort at Risk for Alzheimer's Disease

Presented by: **Lena L. Law**

Controlled Cortical Impact (CCI) Injury Decreased, & Repeated Human Chorionic Gonadotropin Treatment Elevated, Acute Reproductive Hormone Levels in Adult Male Rats

Presented by: **Rastafa I. Geddes**

Early Metabolic Changes Due to Caloric Restriction in Rhesus Monkey Liver

Presented by: **Timothy W. Rhoads**

Environmental Enrichment Promotes Healthy Cognitive Aging by Improving Learning and Memory and Increasing Neural Connections and Synaptic Plasticity

Presented by: **Giuseppe P. Cortese**

Features of Mobile Application for Diabetes Self-management in China: Do They Fit for Older Adults?

Presented by: **Chenchen Gao**

GSK3b Links Growth, Metabolism, and Longevity

Presented by: **Porsha Howell**

Hmong Elders' Awareness and Use of Hospice Care: Motivating Factors and Barriers

Presented by: **Youhang Her**

Increasing Internal Resources Over Time is Linked to Better Emotional Health and Life Satisfaction in Informal Caregivers

Presented by: **Kristin Litzelman**

Low Dehydroepiandrosterone Reflects Reduced Physical Vitality Beyond the Influence of Chronological Age

Presented by: **Danielle N. Rendina**

Micro-Scale Engineering of the Prostate Cancer Microenvironment for Therapeutic Targeting of Tumor Associated Macrophages

Presented by: **David Kosoff**

A Mode of Data Collection for Non-English Speaking Older Adults from Collectivist Cultures

Presented by: **Maichou Lor**

Muscle/Lean Mass Measurement: Comparison Between Methods and Correlation with Muscle Function

Presented by: **Ellen Siglinsky**

Neuroprotection by Caloric Restriction is Associated with a Distinct State of Hippocampal Energy Metabolism Linked to GSK3b and PGC-1a

Presented by: **Dylan Souder**

The Social Networks of Adults with Down Syndrome Who are Aging in the Community

Presented by: **Anne E. Roll**

Structural Refinement & Computational Analysis of Atase1 & Atase2 for the Prevention of Alzheimer's Disease

Presented by: **Mark A. Farrugia**

Surgery Alters Parameters of Vitamin D Status and Other Laboratory Results of Relevance to Fracture Liaison Services

Presented by: **Neil Binkley**

New Investigator Award Winner

For Excellence in Aging Research: **Julie A. Kirsch**

Presenting a Poster entitled:

Hardships of the Great Recession and Health: Understanding Varieties of Vulnerability
